HT-32

OVERVIEW

Featuring a lightweight and easy-to-grasp compact design, the HT-32 is an air damping compensator auto level that provides durability and flexibility for your surveying needs. Even when fine vibrations are present, rest assured that this equipment provides accurate and precise results. The HT-32 has an eco-friendly frame that is reinforced with IP66 protection to endure harsh weather conditions.

KEY FEATURES

Rugged, durable and accurate

32x Magnification

X-style air dumping compensator

IP66

SPECIFICATIONS

Standard deviation for 1 km double levelling	1.6mm
Magnification	32X
Filed of View	1°20'
Objective Aperture	38mm
Minimum Focusing Distance	1m
Stadia	100
Type	X-style Air Dumping
Compensator	Compensating Range ±15'
	Setting Accuracy ±0.5"
Operating Temperature	-20°C ~+50°C
Storage Temperature	-40°C ~+70°C
Protection Level	IP66
Net Weight	1.4KG
